

View nudge (read-only)

view-nudge.html · 760×540

1 concise LOCKED · IN USE ×

2 Name

concise

3 Steering text

Try to keep your replies short and to the point — a sentence or two is plenty.

4 Notes — internal

Baseline terseness prompt for the terse-prompt study.

5  Referenced by 4 runs, so its name and text are frozen to keep results comparable. Clone it to make a changed version.

6  Clone to edit **7**  Close

Annotations

- 1 Read-only details** Opened from the row's View eye. This nudge is referenced by a run, so its wording is **frozen** and shown read-only — editing it would rewrite past results. To change the wording, **Clone** it into a new nudge.
- 2** A short unique label you'll pick from when you build a run.
- 3** The exact message the enrollee sees during a run.
- 4** Internal only — never shown to enrollees.
- 5 Locked after first use** Referenced by 4 runs. Once any run uses a nudge, its name and steering text freeze so past results stay reproducible.
- 6** Start a new, editable nudge pre-filled from this one.
- 7** Close this dialog.
